OUR STORY SO FAR...

As I write this very early in March 2021, I can't believe we have come this far through the pandemic. Next month will mark the year that we have been producing **PREVIEWS** from our homes. I go into the office about once a week to pick up my product orders, or to number the issue... a time-consuming process that works better in our home office than in my "home office". The building always seems like more of a ghost town than a functioning business, but it's really not the location that makes a business, it's the people who make it work. And for nearly a year now, our Diamond marketing team has made everything work as best we can from our own homes.

We've kept **PREVIEWS** on track each and every month (save for one, very early in the pandemic), as we've also done for our websites and programming. Where there's a will, there's a way... and I guess our collective will was enough to get the job done!

And aside from a few hiccups due to extreme weather, we've kept new product flowing into your favorite shops. And we intend to continue that trend well into 2021, bigger and better for sure!

And **FREE COMIC BOOK DAY** is back this year as the single-day event you all know and love! On **Saturday, August 14th**, be sure to head over to your favorite comic shop to check out the new free titles, and whatever else your local shop may have planned.

And just what ARE those free titles to be given away on Saturday the 14th (sounds like a horror movie spoof!)? You need look no further than our **FREE COMIC BOOK DAY 2021** section beginning on **page 29** of this issue to learn about all of the cool new FREE comics we have in store for you. Plus, we've got an all-new Commemorative Artist T-Shirt design by fan-favorite creator, Skottie Young, and a bunch of

cool merchandise items earmarked for this event! You don't want to miss out!

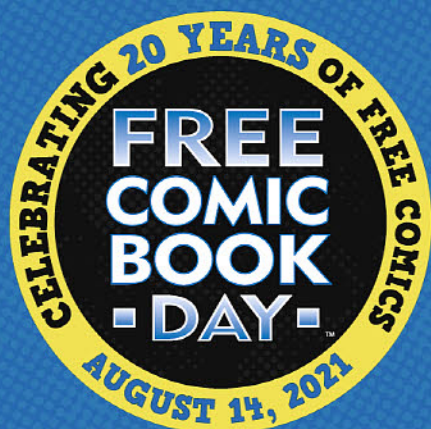

Finally, if it's April, then it's **MANGA MONTH** in **PREVIEWS**! Be sure to check out all the great new and backlist titles we have for you this month! MANGA continues to expand into new and interesting genres, and dare I say, is more popular than ever thanks to it's diverse and often unusual storylines. Now is the perfect time to check out MANGA, and we have suggestions to start with on **page 230**!

That's all I've got for this month. I'll see you back here next month for our May 2021 issue!

The Bewitching Agatha Harkness

In Marvel comics, Agatha Harkness is one of the most powerful witches on Earth. A creation of Stan Lee and Jack Kirby, she was introduced as Franklin Richards' governess who saved him from being kidnapped by the Frightful Four.

She stopped her son Nicholas Scratch and the Salem Seven from taking over the world and instructed Scarlet Witch on how to use their energy to create her and Vision's children. Later she, Wanda, and Natalya Maximoff stopped Chaos from ending witchcraft. Recently she has been a member of the Daughters of Liberty, working with Captain America, Shuri, and Sharon Carter.

- **Manga Classics: Jane Eyre GN** (OCT198284)
- **Manga Classics: The Scarlet Letter GN** (OCT198276)

Please tell us a bit about yourself!

Hello, my name is SunNeko Lee. I am a manga artist currently working in Japan, but I am originally from Hong Kong. I started in the animation field and have been working as a mangaka for about 6 years now. I love cats, thus my pen name is *SunNeko* meaning "a happy cat with lots of sunshine"!

What are your favorite projects you've contributed to over the past decade?

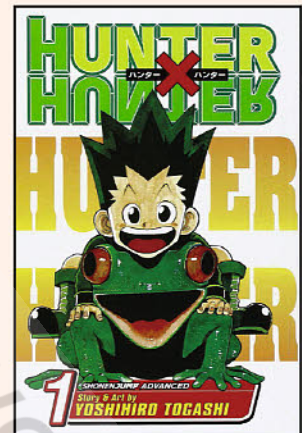

I am one of the main artists in the *Manga Classics* series. I did *Manga Classics: Les Miserables* (DEC198382), *The Scarlet Letter* (OCT198276), and *Jane Eyre* (OCT198284). I am very proud of how well they were received by the readers, and I am glad that I can help people understand these classics stories, otherwise deemed "boring" or "hard to read!" *HaHa!*

What are you currently working on?

I am currently working on a new title for a Japanese publisher that I cannot disclose yet! And I'm also slowly creating my own *doujinshi* for the next Comiket ("Comics Market", a biannual doujinshi fair held in Tokyo, Japan—Ed.)... whenever shows come back! Fingers crossed that its soon!

What fun titles are you reading?

I am heavily inspired by Yoshihiro Togashi-sensei, so I want to recommend *Yu Yu Hakusho* (Vol. 1 / JUN148330) and *Hunter X Hunter* (Vol. 1 / OCT128193). I am also a big *Sailor Moon* fan and have been admiring those new *Sailor Moon Eternal Editions* (Vol. 1 / JUL182438) which are beautifully made!

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

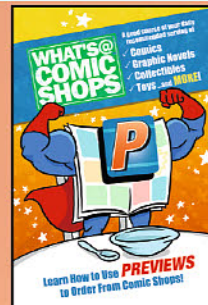

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

April 2021 | Edited By: Allyn Gibson | editor@PREVIEWSworld.com

HAN SOLO'S FROZEN BODY SPARKS MARVEL COMICS' WAR OF THE BOUNTY HUNTERS

The galaxy's most feared bounty hunters are gunning for Boba Fett and his cargo — the frozen body of Han Solo — in Charles Soule and Steve McNiven's new *Star Wars* mini-series for Marvel Comics, *Star Wars: War of the Bounty Hunters*, this June!

When Boba Fett departed Cloud City with Han Solo's carbonite-frozen body in the hold of his ship, he thought his mission to acquire Solo and claim the bounty crime lord Jabba the Hutt had placed on the smuggler was over. Little did Fett know that the other bounty hunters Darth Vader had employed to capture Solo after the Rebel escape from Hoth didn't get the memo that all was well.... Now Boba Fett is a target of the galaxy's best and worst bounty hunters — as well as Solo's allies in the Rebel Alliance who want their friend back. It's a bounty hunter battle royale, with Han Solo up for grabs!

Veteran *Star Wars* writer Charles Soule is joined by superstar artist Steve McNiven for *Star Wars: The War of the Bounty Hunters*, the *Star Wars* comics event of 2021. Bridging the gap between *The Empire Strikes Back* and *Return of the Jedi*, *Star Wars: War of the Bounty Hunters* charts an epic tale of bounty hunter vs. bounty hunter, Rebel versus Empire, with deeply personal stakes for all involved and crosses over into the pages of *Star Wars*, *Darth Vader*, *Bounty Hunters*, and *Doctor Aphra*.

The fate of Han Solo is at stake in Soule and McNiven's *Star Wars: War of the Bounty Hunters*, and the galaxy far, far away will never be the same, beginning this June!

SONIC THE HEDGEHOG TURNS THIRTY WITH AN IDW ANNIVERSARY SPECIAL

It's hard to believe, but *Sonic the Hedgehog* sped his way into the hearts of gamers everywhere in 1991, thirty years ago, spawning two dozen games, movies and television, and comic books. THE TWO BESTSELLING BLADE RUNNER SERIES OF ORIGINS AND 2029 COME TOGETHER FOR A SPECTACULAR FCBD STORY!

This one-shot exclusive tale reveals never-before-seen links between the actions of Detective Cal's in L.A 2009 and the story of Detective Ash decades later!

Blade Runner FCBD will arrive in stores on Free Comic Book Day 2021 – **August 14, 2021**. Check out this exclusive interview with acclaimed writing team of Mike Johnson, K. Perkins, Mellow Brown...

COVER BY ACCLAIMED ARTISTS
ANDRÉS GUINALDO AND
FERNANDO DAGNINO

THE BLADE RUNNER WRITING TEAM

How does it feel that your Blade Runner Free Comic Book Day has been selected as a Gold Title in 2021?

M.B.: It's a blast! It means so many more people will pick it up, both dedicated fans and people who may not have known Blade Runner comics exist.

Can you tell us anything about the FCBD edition? How is it going to fit into the overarching story?

Perkins: We can't say a ton, but we will say this: though the FCBD edition precedes where our story kicks off, it directly ties into a major discovery Det. Cal Moreaux makes a few issues in.

M.J.: For Blade Runner 2029, the FCBD story is an re-introduction to Ash and her new status quo vis-a-vis hunting some Replicants and rescuing others.

If you could name one characteristic you admire most in each other's writing style, what would it be?

Perkins: Mellow's so emotionally attuned to our characters that there's not one word or action that feels disingenuous.

M.B.: M.J.'s ability to push all of the buttons has inspired me to cut loose as we raise the stakes to enormous levels in 2009.

M.J.: The depth of character that Perkins and Mellow bring to their series is so powerful and inspiring. In a franchise so often invoked for its surface visuals, their series

dives deep to show facets of Blade Runner fans haven't experienced.

What would you say has been your favorite thing about writing your respective Blade Runner comic series so far?

Perkins: I've really enjoyed getting to build out the world to include the parts and characters we've seen in the background by bringing them to the forefront.

M.B.: Oh, you'll see.

Do you have a particular piece of artwork from the series that sticks in your mind that you found impactful?

Perkins: There is some art coming up in a few issues that still makes me misty-eyed looking at it. When emotionally impactful moments within the script get translated perfectly into art--that's a writer's dream.

M.J.: Every panel from Andres Guinaldo and Marco Lesko is beautiful, but there is a splash page in Blade Runner 2029 #2 that I'm particularly fond of, with Ash standing beneath a neon dragon.

M.B.: There's an action sequence at the end of issue #3 that is a mixture of style, horror and fury that encapsulates what Blade Runners are truly capable of when they're unleashed.

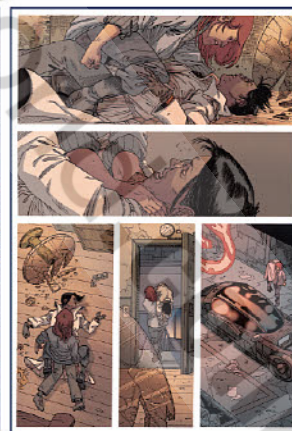

If you could write a one-shot comic based on any character from the Blade Runner Universe whose story would you most like to delve deeper into?

Perkins: Gaff has always been a mystery to me. I'm so intrigued by him!

M.B.: You will meet her very soon...

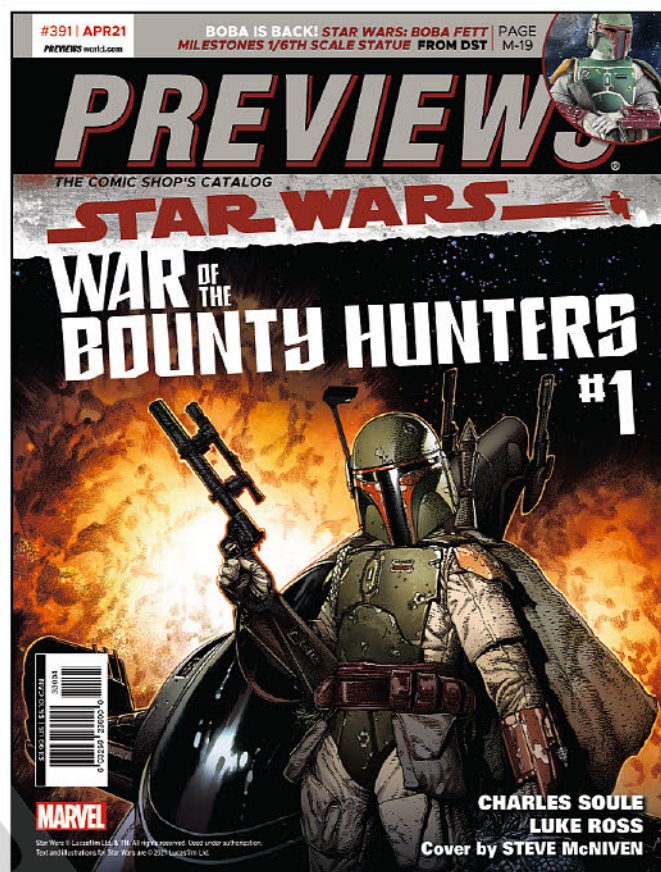

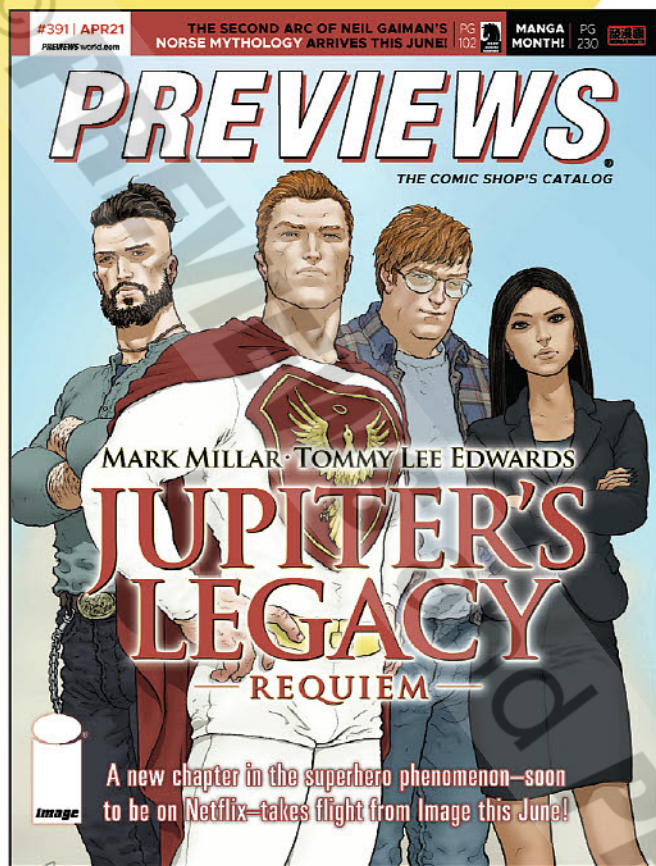

M.J.: Sebastian's toys! What do they get up to when he's gone?

The third graders at Bailey Elementary are so hard to handle that all their teachers have quit. But their new teacher, Mrs. Jeepers, is different — to say the least! She's just moved from Transylvania into a spooky old house in Bailey City. She wears a mysterious brooch that glows as green as her eyes. Could Mrs. Jeepers be... a vampire?! Featuring a beloved story by Debbie Dadey and Marcia Thornton Jones, and fresh artwork by Academy Award-winner Pearl Low, *Vampires Don't Wear Polka Dots* is the first-ever graphic novel adaptation of Scholastic's classic chapter book series.

Photo by Pat Laika

When you see a **Skottie Young** illustration, you know it instantly. There's a cartoonish, exaggerated quality to his style that appeals to both the heart and the head. For kids, it's like seeing a Saturday morning cartoon on the page—full of energy and life, with humor bursting at the seams. To adults, there's a depth of feeling there, both passion and pathos. It's little wonder, then, that Young has become one of the most acclaimed and sought-after artists of the last fifteen years. Winner of an Inkwell Award, Young is admired by both peers and fans alike. Whether illustrating Eric Shanower's Oz adaptations for Marvel Comics, working on projects for Marvel such as *Rocket Raccoon*, illustrating unique, kid-friendly variant covers for Marvel's biggest projects, unleashing his own twisted sense of humor in *I Hate Fairyland* from Image Comics, and writing stories such as Marvel's *Strange Academy* and Image's *Bully Wars*, a Skottie Young comic is always fun to read and beautiful to behold.

THE ART OF PULP FICTION: AN ILLUSTRATED HISTORY OF VINTAGE PAPERBACKS

CERTIFIED COOL**AUTHOR** Ed Hulse**HC** **FC** **240 Pages** **9.75" x 11"****\$49.99** **ISBN: 978-1-68405-799-3****AVAILABLE IN SEPTEMBER**

Judge these books by their covers! Get immersed in the definitive visual history of vintage pulp fiction paperbacks.

The mid-20th century saw paperbacks eclipse cheap pulp magazines and expensive clothbound books as the most popular delivery vehicle for escapist fiction. To catch the eyes of potential buyers they were adorned with covers that were invariably vibrant, frequently garish, and occasionally lurid. Today the early paperbacks—like the earlier pulps, inexpensively produced and considered disposable by casual readers—are treasured collector's items.

Award-winning author Ed Hulse (*The Art of the Pulp* and *The Blood 'n' Thunder Guide to Pulp Fiction*) comprehensively covers the pulp fiction paperback's heyday. Hulse writes the individual chapter introductions and the captions, while a team of genre specialists and art aficionados, including Will Murray, David Saunders, and Gary Lovisi contribute the special features included in each chapter, which focus on particularly important authors, artists, publishers, and sub-genres.

Illustrated with more than 500 memorable covers and original cover paintings. Hulse's extensive captions, meanwhile, offer a running commentary on this significant genre, and also contain many obscure but entertaining factoids. Images used in *The Art of Pulp Fiction* have been sourced from the largest American paperback collections in private hands, and have been curated with rarity in mind, as well as graphic appeal. Consequently, many covers are reproduced here for the first time since the books were first issued.

With an overall Introduction by Richard A. Lupoff, novelist, essayist, pop-culture historian, and author of *The Great American Paperback* (2001).

Newly expanded and updated, this beautiful coffee table book delves into the 40-year relationship between Rush and their longtime artist and illustrator, Hugh Syme, with a foreword by drummer and lyricist **Neil Peart**!

Containing original illustrations, paintings, photography, and the incredible stories behind each album that Hugh Syme has designed with the band since 1975. The book's narration was written by music journalist Stephen Humphries and includes in-depth interviews with each Rush band member and the artist. *The Art of Rush* also contains entertaining anecdotes and commentary from a wide array of notable musicians, actors, athletes, writers, radio personalities, and Rush insiders about their favorite Rush album covers, which clearly reveals how vital and impactful the visual representation of their music has been through the years. One of the hallmarks of Rush releases is the considerable care and consideration that goes into each one—including the conceptual artwork. Readers may be surprised to discover just how much effort went into each concept and the execution for every album cover!

Some of the regaled stories include furtively crossing the border for a guerilla-style shoot for *A Farewell to Kings*, trying to herd a warren of rabbits for the cover of *Presto*, descending into the depths of an autopsy lab to find a brain for *Hemispheres*, and a stunt involving fire, whiskey, and photographer Deborah Samuel for *Moving Pictures*. But no history of the band's art would be complete without the story of the creation of arguably the band's most iconic image, *The Starman* from 2112.

"From the first time Hugh and I met, we shared a level of communication that would sustain us through all the years of discussing art by long distance," said Rush's Neil Peart. *The Art Of Rush* is a must for fans of Rush, art, and music everywhere.

An original graphic novel about being the new kid in a different school, getting picked on by the class bullies, and what happens when a magical presence takes notice. *Like, can things get any worse?*

Starting out at a new school is tough, and Bridgette isn't having much luck, seeing as, well, she's not great at making a first impression. Or, maybe, any impression. *Ugh, all these nervous feelings!*

Will I fit in? Will I make new friends? Will they still like me when they get to know me?

Nope. For now the best she can manage is... awkward. *This is not going great.*

That's when she sees it. Something dark and scary... something only she can see. And she's scared, of course she is. But as the only one able to see the dangers, maybe it's time for her to face that fear and unravel the mystery of the Glim and the Glums.

The Girl and The Glim is about accepting the fact that fear is okay, and that while letting other people see your vulnerabilities can be scary, it can also lead to closer friendships in the end.

FRED VAN LENTE RISES FROM HIS GRAVE TO DISCUSS DIE!NAMITE'S NEW CHAPTER!

FRED! You're back, or one might say you LIVE! Where does this new series pick up from the original DIE!NAMITE?

Pretty much immediately. Not to give too many spoilers away, but the zombie hordes have a brand-new commander, and she is leading them in a much more tactical way. If the first series was about Dynamite's heroes trying to prevent the zombie outbreak, here we see what happens as that outbreak begins to sweep the globe and consume it.

Right from page one, Dynamite fans are going to be happy to see the one and only Ash Williams (Army of Darkness) joining the fray. How excited are you to write this character and how can fans expect him to bounce off of the rest of the cast?

Needless to say, Ash is the most experienced zombie fighter of the surviving Dynamite heroes, but we begin with him by himself, more or less, working at a huge S-Mart warehouse just as the larger zombie outbreak hits. He's used to working solo, and when the other heroes show up to recruit him, he isn't inclined to take a back seat to anybody.

The whole squad is back for the sequel, with artist Vincenzo Carratu, colorist Kike Diaz, and letterer Hassan Otsmane-Elhaou. How important is it to maintain that creative consistency in telling a sprawling story like this?

The whole gang is doing a terrific job. Vincenzo and I have a great email relationship, separated by an ocean and a pandemic. I sometimes

wonder how he's going to realize some of the crazy stuff I put in the script, but he knocks it out of the park every time. Kike does a great job making me feel the gore visually, and Hassan takes such care with the letters. If sound could be gory, that's how I'd characterize Hassan's letters.

[SPOILERS FOR DIE!NAMITE #1-5 FOLLOW] Through the first series, many fan-favorite characters went through some crazy events. Vampirella lost her hair and Red Sonja is now evil? How are you going to top all that chaos? Pun intended.

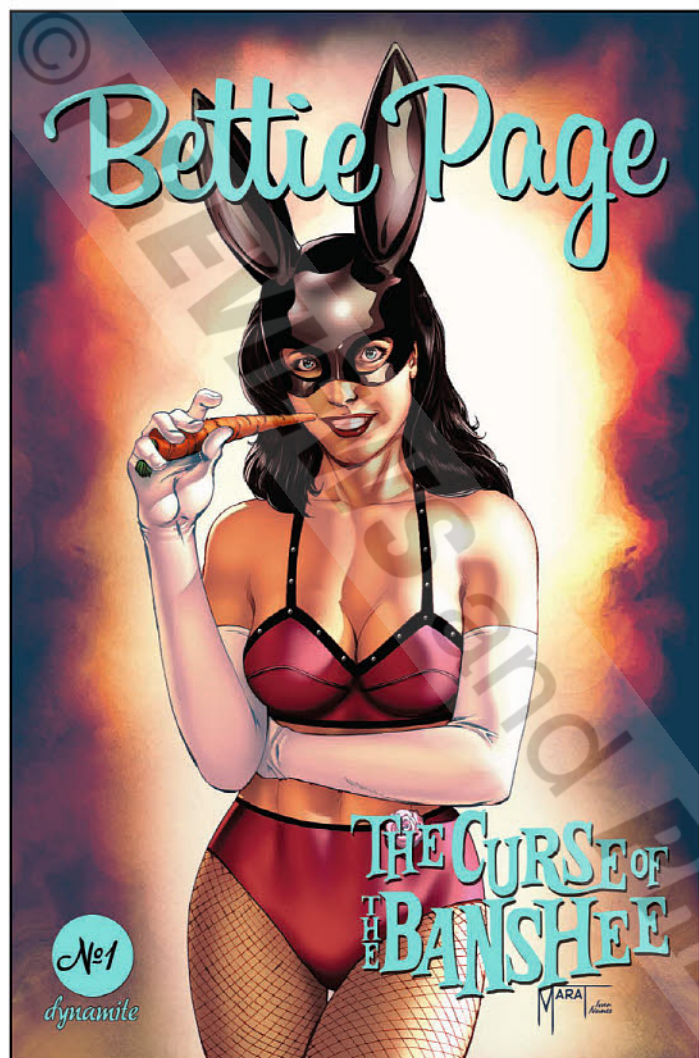

Well, fortunately for me, Dynamite has a wide range of characters I didn't even get to in the last series, so we have a lot more additions than just Ash coming up. Also, the last one had a kind of Night of the Living Dead feel, with small groups of characters in isolated locations. Here, we open the world up a lot more with a World War Z kind of epic scope, battles between armies of living versus armies of the dead, armies of different dead fighting each other...Assuming the artistic team doesn't murder me beforehand, I am excited to see what the fans think when it comes out.

Along the way you've been the perfect zombie comics maestro, with your past helming the Marvel Zombies saga. With Ash now entering the story, and his past crossover with Marvel Zombies, does this mean it could all be connected somehow..?

I think we'd need to resurrect some undead lawyers to figure that one out!

STEPHEN MOONEY DECLASSIFIES BETTIE'S LATEST IRISH ADVENTURE

Bettie is back! Stephen, fans may know you from your acclaimed *Half Past Danger* series and its intoxicating mix of pulp and adventure. Can we expect to see some of those same flavors in this new series?

Absolutely! I feel Bettie and her world lend themselves extremely well to that rock 'em sock 'em back-and-forth storytelling style. Quick, witty patter married with seat of yer pants action beats. Bettie excels in both disciplines!

In *Curse of the Banshee*, Bettie is going to be running through ruins and crypts, almost like one Dr. Henry "Indiana" Walton Jones Jr. Can you speak to that and any other key influences you're tapping into for this book?

The biggest influence on this story were actually more comedic-horror staples; echoing aspects of the *X-Files* meets *Scooby Doo*! Bettie and Lyssa (whom I adore) are sent to investigate some extremely strange and macabre murders in Kildare, Ireland at the request of the Irish government. You have some real fish-out-of-water elements, as there were no women law enforcers in Ireland at the time, not to mention how backwards the whole country was in certain ways at the time. Issue #4 is titled "Bettie versus The Irish Catholic Church". It's all very light-hearted and fun, though. Think Glamorous 50s Pinup culture crossed with Abbot and Costello meet *The Mummy*.

You're an Irish gent, a country that perhaps surprisingly has an incredibly strong comics culture and wave of creators right now. AND this story has Bettie swinging by your motherland. How fun is it to infuse your local sights and sounds, as well as some fun mythology into this tale?

Ah, it's great fun altogether! I'm most confident when writing about subject matter I know inside and out, and 50s pulp and Irish culture are two things I'm pretty clued-up on. There are some incredible mythological gems in ancient Irish storytelling, and I tap into many of those with this story. It was a blast to write and hopefully the reading experience will mirror that.

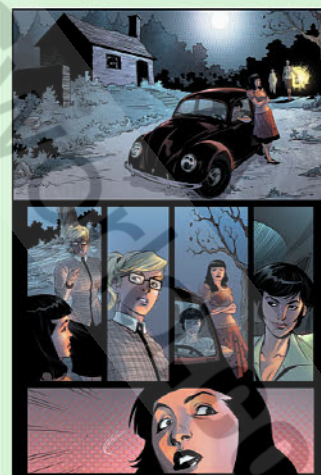

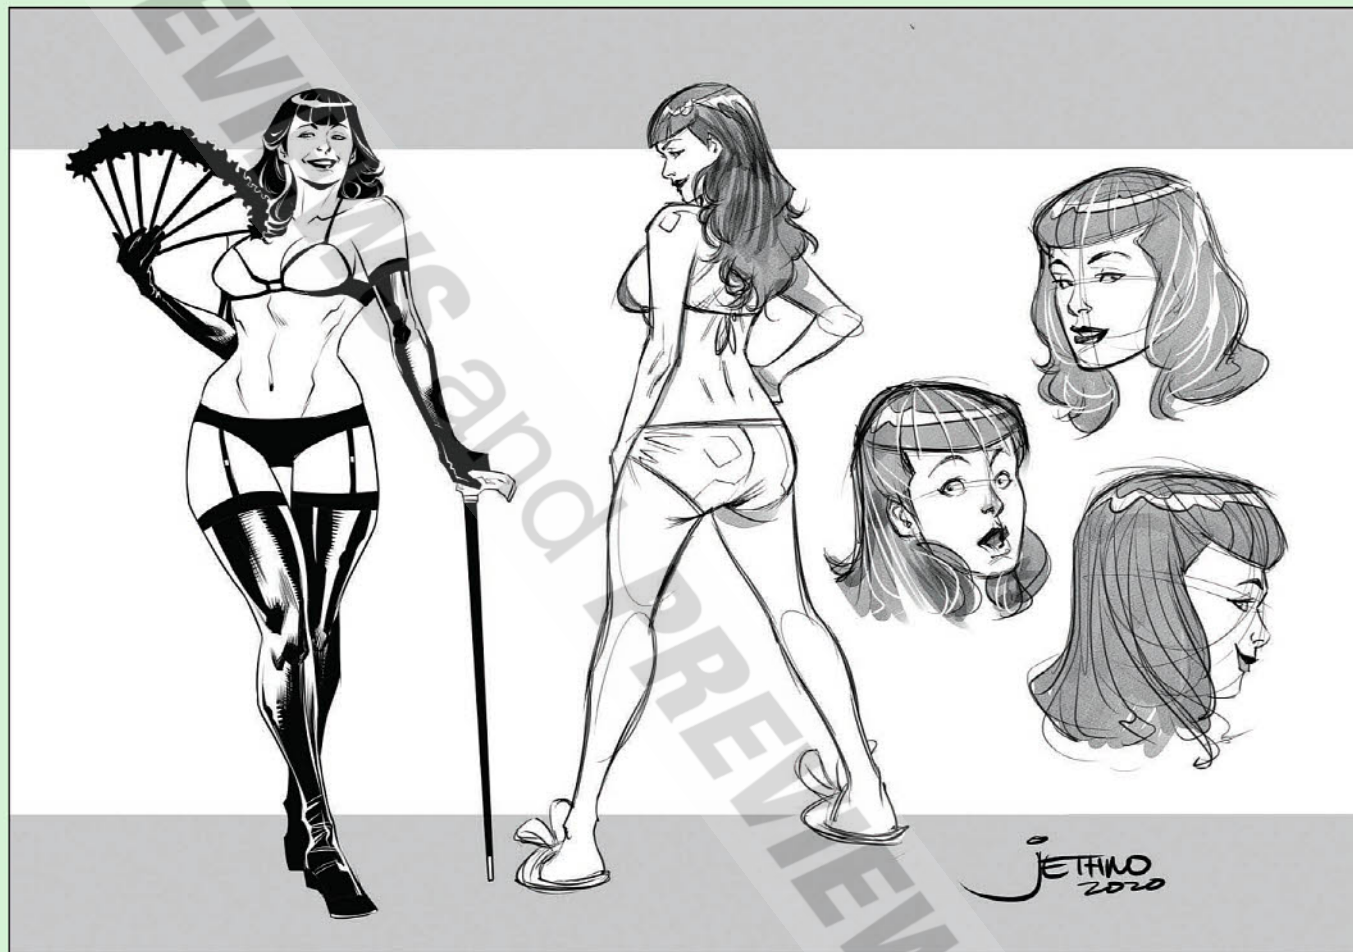

Artist Jethro Morales joins you for this journey. Especially as an artist yourself, how has it been working with him and the rest of the creative team to bring this vision to the page?

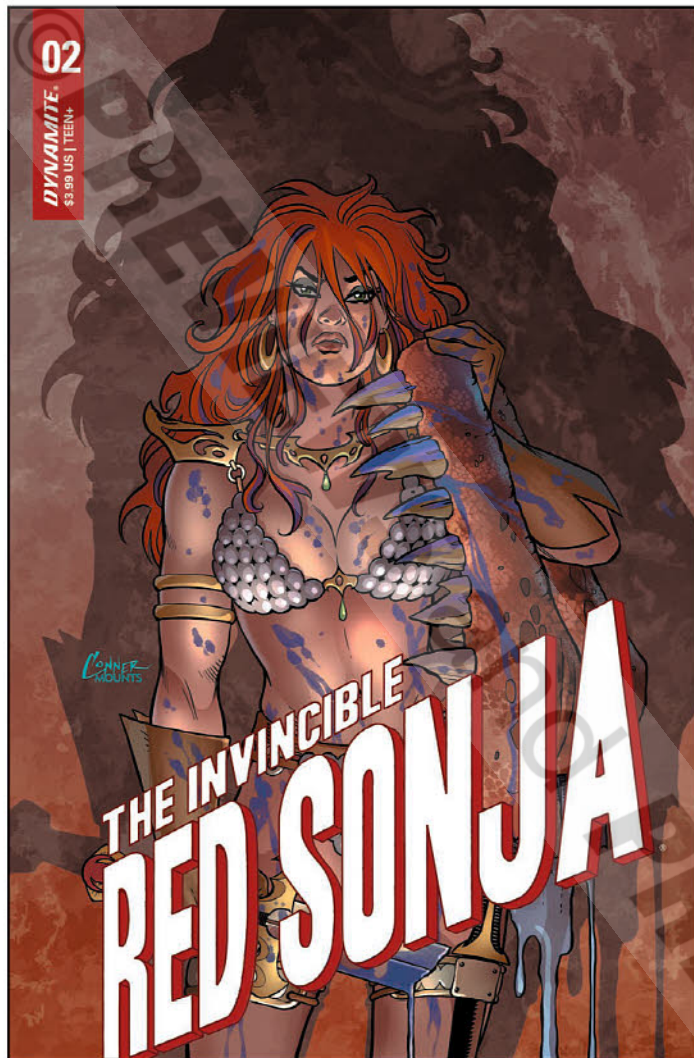

An absolute pleasure. Our editor Joseph Rybandt put us together on this and I was so happy he did. Jethro brings a remarkable verisimilitude to the Irish settings and scenarios, while absolutely nailing the character acting, staging, and pacing. A real pro. I write for other artists in exactly the same way that I write for myself, so it's always incredibly interesting and fulfilling to see how other artists may interpret something differently to how I may have done it myself. As I say - a pleasure.

This story is loosely following *Bettie Page & Apocatequil's Ring*, which was initially available on Kickstarter. For those who haven't gotten to that yet, can you give us a quick refresher? And folks can come into *Curse of the Banshee* totally clean too, right?

Yep! In that one-shot story, Bettie closed the book somewhat on the long-running (and excellent!) Key Artifacts/Ancient Old Ones storyline by David Avallone and Julius Ohta. It was an Indiana Jones/Tomb Raider style caper set in the jungles of South America. I wanted to set her up cleanly for a new slate of adventures, while retaining some of the fantastic elements of her previous status quo. The *Curse of the Banshee* miniseries is most certainly standalone and can be read regardless of prior Bettie knowledge, for sure.

Ah, the '90s, our strange yet dynamic link between the excess of the '80s and the pretentiousness of the aughts. A time when heroes were born, died and were reborn (again). Amidst all that creative chaos, the form of comics was torn between the muscle bound proliferation of All Things Pouch and the heady brew offered up by the British Comics Invasion.

Now, in the long-ago year of 1992, VAMPIRELLA finds herself a vampire trapped between not just two worlds but two genres! When a "bad girl model" hired to portray Vampy at conventions and signings is plunged into a terrorist incident, she's forced to face not just men with nunchucks before her, but the insidious forces roiling beneath the surface of geek culture... and her own dark past.

Written by the master of madness, MAX BEMIS, and dually illustrated by the splendorific MARCOS RAMOS and ROBERTO CASTRO, this is a tale sure to delight and challenge in equal measure!

Journalist Zoe Meadows has taken a break from hard-hitting investigative reporting to spend more time with her family, which is how she finds herself doing celebrity Q&As at an outdoor music festival near the Scottish border. She and her friends, who run a food truck, head north, along with 150,000 festival-goers for a weekend of music and camping. Then, some of the food truck's customers begin to fall ill, and many point to food poisoning. But when the festival ends and the attendees scatter across England, more people begin to get sick and die. What's worse, it is spreading fast and baffles doctors, resisting all efforts to contain or cure it. With time running out, Zoe is compelled to fight for the truth, even as she loses that which she holds most dear. (STL186266) (C: 0-1-0)

Van Louise retired to the ice coast so she could quietly find a way off planet from a world on the wrong side of societal collapse.

She biohacks a dead leviathan to orchestrate passage away into the universe, but her plans are about to get chewed up by a mounting war between the Warlords - violent gatekeepers for the global ruling party - and the Bloom - those who risk extinction living out on the water - as well as a family reunion with her son who she hasn't seen since he died in her arms when he was a child.

Join **Ryan K Lindsay**, award-winning writer of *ETERNAL* and *NEGATIVE SPACE*, as he teams yet again with **Sami Kivela**, the artistic juggernaut behind *ABBOTT* and *UNDONE BY BLOOD*, alongside **Lauren Affe**, the colourist of *THE WITCHER*, *STRANGER THINGS*, and *FIVE GHOSTS* as they drop an absolute bomb of sci fi insanity and heartbreaking emotion in the grandest Black Mask tradition.

NIGHT BUS SC GN

(W/A/CA) Zuo Ma

Night Bus blends autobiography, horror, and fantasy into a vibrantly detailed surreal world that shows a distinct talent surveying his past. Nature infringes upon the man-made world via gigantism and explosive abundance — the images in *Night Bus* are often unsettling, not aimed to horrify, but to upset the balance of modern life. A SINGLE MATCH HC

(W/A/CA) Oji Suzuki

In this collection of hauntingly elliptical short stories, Oji Suzuki explores memory, relationships and loss with a loose narrative style, filling each tale with a sense of unfulfilled longing. He plumbs the dissolute depths of human psychology, literally bathing his characters in expansive shadows that paradoxically reveal as much as they obscure. Though he touches on many of the same themes as his contemporaries in the field of post-war alternative manga, Suzuki's ever-shifting narrative approach and dashes of surrealist humor distinguish his work from his peers. SWAMP HC YOSHIHARU TSUGE

(W/A/CA) Yoshiharu Tsuge
The Swamp is the first in a series of books by Yoshiharu Tsuge, one of the most influential and acclaimed practitioners of literary comics in Japan. Bucking the tradition of mystery and adventure stories, Tsuge's fiction focused on the lives of the citizens of Japan. These mesmerizing comics, like those of his contemporary Yoshihiro Tatsumi, reveal a gritty, at times desperate post-war Japan, while displaying Tsuge's unique sense of humor and point of view. TRASH MARKET GN

(W/A/CA) Tadao Tsuge
Tadao Tsuge was one of the key contributors to the legendary avant-garde Japanese comics magazine *Garō* during its heyday in the late 1960s and early 1970s. *Trash Market* brings together six of Tsuge's compelling, character-driven stories about life in post-World War II Japan. "Trash Market" and "Gently Goes the Night" touch on key topics for Tsuge: the charming low-lives of the Tokyo slums and the WWII veterans who found themselves unable to forget the war. *Trash Market* blurs the lines between fiction and reportage. SHOWA HISTORY OF JAPAN GN

(W/A/CA) Shigeru Mizuki
Showa: A History of Japan is the Shigeru Mizuki's meticulously researched historical portrait of twentieth-century Japan. These 560-page volumes chart Japan's national history from the decades before World War II through the war, its defeat and occupation, and rebirth alongside the personal stories of the individuals living their lives against this momentous history. With his trusty narrator Rat Man, Mizuki brings history into the realm of the personal, making it palatable, and indeed compelling, for young audiences as well as more mature readers. (STK622625)

YOSHIHIRO TATSUMI ABANDON THE OLD IN TOKYO GN

(W/A/CA) Yoshihiro Tatsumi
Groundbreaking artist Yoshihiro Tatsumi is credited with creating the "gekiga" style of manga, stories that are more cinematic and more dramatic than their predecessors. Drawn & Quarterly has been bringing his work back into print, in volumes designed by Adrine Tomine. *A Drifting Life* is his masterwork, a graphic autobiography that is the culmination of his career. *Abandon the Old in Tokyo* is his incisive look at the seedy underbelly of Tokyo in the 1960s. *Fallen Worlds* draws on Edo-era storytelling for its eight stories about human nature. *Good-Bye*, created in the early 1970s, reflects on the aftermath of World War II and the devastation felt by Japan. *The Push Man and Other Stories* collects some of his powerful short work. DISNEY ADVENTURES VOL. 1: DARKWING DUCK: "JUST US JUSTICE DUCKS!"

By David Cody Weiss, Bobbi JG Weiss, John Blair Moore, Cosme Quartieri, and Robert Bat

\$29.99 / HC / 208 pgs /
FC / 8" x 10"

Here's where the fun begins: A new series featuring awesome 1980s and 1990s comics based on the classic *Disney Afternoon* TV cartoons! From the pages of *Disney Adventures* and its Gen-X sister magazines come much-requested feature-length thrillers such as "Just Us Justice Ducks" and "The Legend of the Chaos God" plus more!

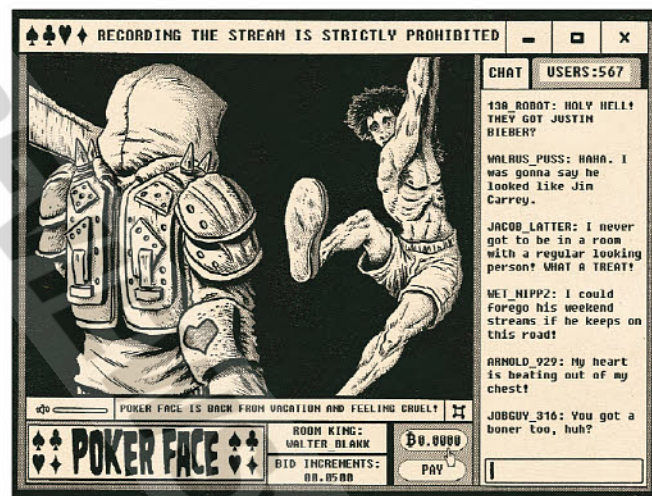

RED ROOM #2

By Ed Piskor

\$3.99 / Comic Book / 24 pgs /
FC / 6.6" x 10.3"

Grooming victims to be slaughtered on the DARK WEB for the enjoyment of psychopaths requires lots of work to keep them from being identified. The Poker Face organization, one of the most successful black market Red Room companies on the internet, goes to great lengths to fulfill their customers' depraved fantasies while avoiding law enforcement every step of the way.

From the creator of *Hip Hop Family Tree* and *X-Men: Grand Design* comes this ALL-NEW monthly comic book series! A cyberpunk, outlaw, splatterpunk deep dive into the subculture of criminals who live-stream and patronize webcam murders for entertainment in the darkest corners of the web with nearly untraceable crypto-currency. As seen on Piskor's YouTube channel sensation, *Cartoonist Kayfabe*!

CELESTIA

By Manuele Fior

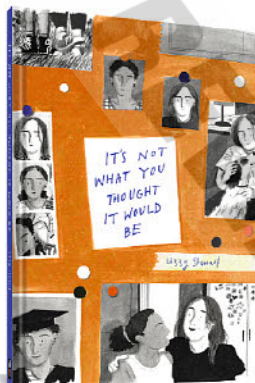

\$29.99 / HC / 272 pgs / FC / 8" x 10.5"

Manuele Fior (*The Interview* and *5,000 KM Per Second*) is a once-in-a-generation visual artist who uses science fiction to look to the future of humanity and *Celestia* is his most ambitious and successful work to date. Following the "Great Invasion," some survivors took refuge on a small concrete island called Celestia that has become an outpost for criminals and other misfits, as well as a refuge for a group of young telepaths. Two of them set sail to the mainland where they discover

adults who are prisoners of their own fortresses, preserving the "old world" when a new generation could guide society towards a better humanity.

FANTAGRAPHICS BOOKS

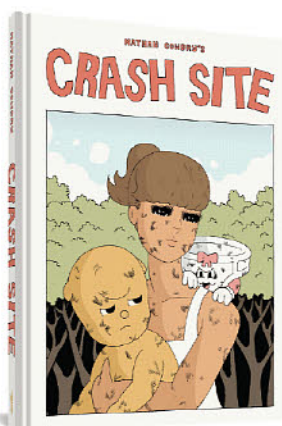

IT'S NOT WHAT YOU THOUGHT IT WOULD BE

By Lizzy Stewart

\$24.99 / HC / 168 pgs / FC / 7.5" x 10.5"

In her graphic novel debut, Lizzy Stewart chronicles the lives of two close friends from adolescence to adulthood. In a series of interconnected vignettes, Stewart charges ordinary, slice-of-life moments with a quiet intensity, revealing the complex natures of her characters as life

nudges them in directions that they never could have expected until finally, in their thirties, they hardly recognize the women they have become.

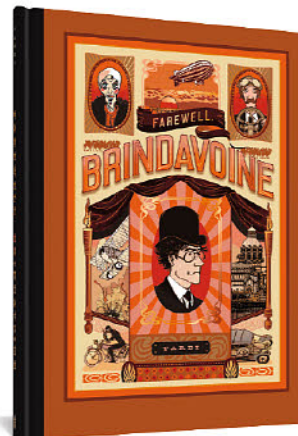

CRASH SITE

Nathan Cowdry

\$24.99 / HC / 132 pgs / FC / 7" x 9.75"

This debut graphic novel is both a black comedy of the highest order and a psychological drama. Set in the Amazon jungle and featuring an absurdist cast of drug traffickers - including a young woman, her codependent talking dog, and an anthropomorphic pair of underwear. *Crash Site* is a darkly funny, character-driven graphic novel that calls to mind Simon Hanselmann, with Tarantino-levels of gratuitous violence.

Nathan Cowdry's confident storytelling skills, attractive artwork, and sense of comedic timing makes *Crash Site* a winning recipe for fans of adult humor.

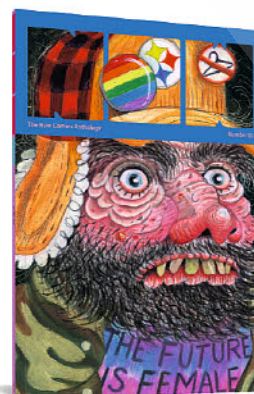

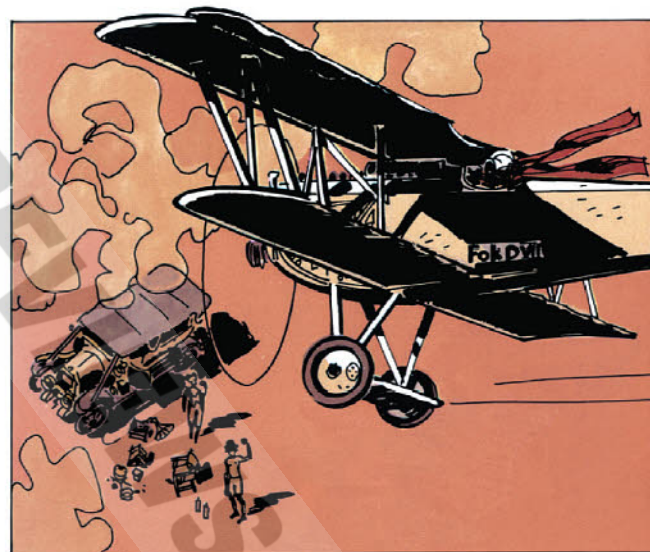

FAREWELL, BRINDAVOINE

By Jacques Tardi

\$19.99 / HC / 64 pgs / FC / 8.75" x 11.75"

The French cartooning master Jacques Tardi's first solo graphic novel is a riotous action-adventure comedy set in Paris, 1914. A strange old man visits Lucien Brindavoine's flat and implores him to go to Istanbul to seek his destiny. No sooner are these words spoken than a shot is fired through the window and the man is murdered by a mysterious assailant. Thus kicks

off a madcap adventure wherein the mild-mannered Brindavoine races to the Middle East with assassins threatening him at every turn. *Farewell, Brindavoine* showcases the French cartooning master's signature blend of dark humor, brutal violence, and beguiling mystery.

NOW: THE NEW COMICS ANTHOLOGY #10

STORIES OF THE
SYRIAN REFUGEES GN

(W/A) Don Brown

Starting in 2011, refugees flood out of war-torn Syria in Exodus-like proportions. The surprising flood of victims overwhelms neighboring countries, and chaos follows. Resentment in host nations heightens as disruption and the cost of aid grows. By 2017, many want to turn their backs on the victims. The refugees are the unwanted. Don Brown depicts moments of both heartbreaking horror and hope in the ongoing Syrian refugee crisis. Shining a light on the stories of the survivors, *The Unwanted* is a testament to the courage and resilience of the refugees and a call to action. (STL184748) (C: 0-1-0)

OLDER THAN DIRT GN

(W) Michael Perfit (A) Don Brown

Almost 14 1/2 billion years ago, it all started with a Big Bang, and what began as a cloud of gas, dust, and rock eventually took shape and bloomed into a molten sphere. Battered by asteroid collisions, ice ages, and shifting tectonic plates, our fledgling planet finally pushed forth continents. But if you think Earth has calmed down since then—think again! Geological activity such as earthquakes, volcanoes, and tsunamis continues to sculpt the earth's landscape, sometimes with terrible consequences for its inhabitants. (STL184749) (C: 0-1-0)

GLADYS PARKER: A LIFE IN COMICS, A PASSION FOR FASHION HC

(W) Trina Robbins (A) Gladys Parker Cartoonist Gladys Parker was unique in comics. As with Frida Kahlo, it was impossible to tell where her art left off and its creator began. Parker mixed fashion and comics and created classic characters that mimicked her sense of fashion. In fact, Parker was an exact double for her ink-and-paper creation, *Mopsy*. Only Gladys Parker was a fashion designer with a successful line of clothing while at the same time drawing an equally successful comic strip. Parker's dresses bearing the Gladys Parker label were sold at her own New York shop and at high-end department stores across the country. Who better to chronicle the story of Gladys Parker than comics herstory Trina Robbins, who in the 1960s designed clothes for hippies and rock stars out of her East Village boutique, while drawing underground comix? One of the most influential books of the twentieth century gets the graphic treatment in this first-ever adaptation of George Orwell's *1984*. Created and written by the father/daughter team of Ricardo and Adara Sanchez!

Having a good-looking, friendly, outgoing older brother sucks-especially when you're the total opposite, someone who likes staying home and playing video games. CHUNKY GN

Hudi needs to lose weight, according to his doctors. Concerned about the serious medical issue Hudi had when he was younger, his parents push him to try out for sports. Hudi would rather do anything else, but then he meets Chunky, his imaginary friend and mascot. Together, they decide to give baseball a shot. Hudi has found the cheerleader he never had, as Chunky cheers him on even when Hudi barely makes the team. MISCHIEF AND MAYHEM VOLUME 1: BORN TO BE BAD GN

(W/A) Ken Lamug

Dog Man meets Despicable Me in this crackling, hilarious middle grade graphic novel series starring Mischievous and Mayhem—a dynamic duo that falls into super-villainy after they're kicked out of super-hero camp. Mischievous, and her side-cat, Mayhem, are your respectably heinous villains. They'll spoil new movies, steal cake from parties they weren't invited to, and hit the good citizens where it'll dirty them most—their toilet paper. But before Mischievous and Mayhem were ever super-villains, they were just Missy and Gizmo, fresh recruits at super-hero camp. Only, Missy lied on her hero

application and has exactly zero superpowers, just her brainpower. Missy is humiliated, and only fellow camp recruit Melvira stands by her. Unbeknownst to others, Melvira has a villainous agenda. But something about Melvira doesn't sit right with Missy, and soon she'll be called upon to battle her former best friend. Will Missy be able to face the friend who was once her defender? BURT THE BEETLE DOESN'T BITE GN

(W/A/CA) Ashley Spires

Meet Burt, a ten-lined June beetle. He's sure

he belongs in the category of bugs with

superpower-like abilities. No, he can't carry

50 times his weight, like ants. No, he's

not able to spray paralyzing venom,

like some termites. No, he can't re-

lease a bad smell to repel predators,

like stink bugs. What June beetles

are known for is chasing porch lights

and flailing their legs in the air — does

that count? Hmm ... Maybe Burt will just have to accept the truth. June beetles

don't have any special abilities. But when some other bugs find themselves in

perilous trouble that even their superpowers can't get them out of, Burt sud-

denly realizes there is one thing that he can do to save his friends — and it's

something that only a June beetle can do! (STL186334) (C: 0-1-0)

Anchoring herself with stories of Auntie Po, Mei navigates the difficulty and politics of lumber camp work and her growing romantic feelings for her friend Bee. *The Legend of Auntie Po* is about who gets to own a myth, and about immigrant families holding on to rituals and traditions while staking out their own place in America. C.E. SIMPSON

In this Choose Your Own Adventure® you are Rabbit, the new kid on the block. Enter a ghoulish world of nightmares, witches, ghosts, and the dreaded eighth grade! As Rabbit, readers will get to choose which adventure—or nightmare—they'll embark on. From learning about the mysterious witch, Prudence Deadly, to trouncing through spooky graveyards, to meeting ghostly ancestors or channeling some witchcraft with classmates, no one path leads to the same destination. Will you choose a path that leads to the light? Or will the path you choose lead to a gruesome end?

A BRIEF HISTORY OF CHOOSE YOUR OWN ADVENTURE®

ONI PRESS

The first *Choose Your Own Adventure*® gamebooks were published in 1979 by Bantam Books. Series founder R. A. Montgomery's original concept was for a series with choice-driven books led by YOU, based on his experiences as an educator, publisher, and in simulation-based training for the Peace Corps. The series broke records as one of the best-selling book series of all time, and was translated into 38 languages with 250 million books in print. Today, the books are published by Chooseco, which was co-founded by Montgomery.

Since the series' inception, the Choose Your Own Adventure gamebooks have opened up a world of reading for millions of kids, but particularly for reluctant readers. The books are immersive and empowering, giving YOU, the reader, the choice to navigate the story. Kids who grew up reading the books remember them as "the books that got them reading," the ones that inspired adventure, challenged them to think critically, and empowered them to take control of the narrative, giving them choice where they might not have had it otherwise.

"For decades, we have heard from fans looking for CYOA in graphic novel format," says **Shannon Gilligan, Chooseco Publisher & CEO**. "There is a natural marriage between the content and the fan base. And as avid readers of graphic novels ourselves, we have been eager to see the challenge met. We are thrilled to be working with Oni-Lion Forge Publishing Group to make it a reality."

"*Eighth Grade Witch* returns in hair-raising fashion! Park your broom, sit for a spell, and experience this gleefully nightmarish adaption of the original hex-filled adventure."

—C.E. Simpson, author of the original Choose Your Own Adventure *Eighth Grade Witch*

When it comes to the kitchen, no one knows cooking better than twelve-year-old Pax Samson. He's a hero when it comes to testing recipes and supplying copious amounts of Dragon Noodle Soup at his family's cookouts. It's tough being a master chef, though, when the rest of your family are world-famous superheroes, and they expect Pax to take up the beacon to keep the world safe with his telekinetic powers. But when old villains resurface and threaten his world, he'll have to make a choice between the superhero life and the chef life, and it'll take a lot of training to live up to his family's legends.

WORDS FROM THE CREATORS

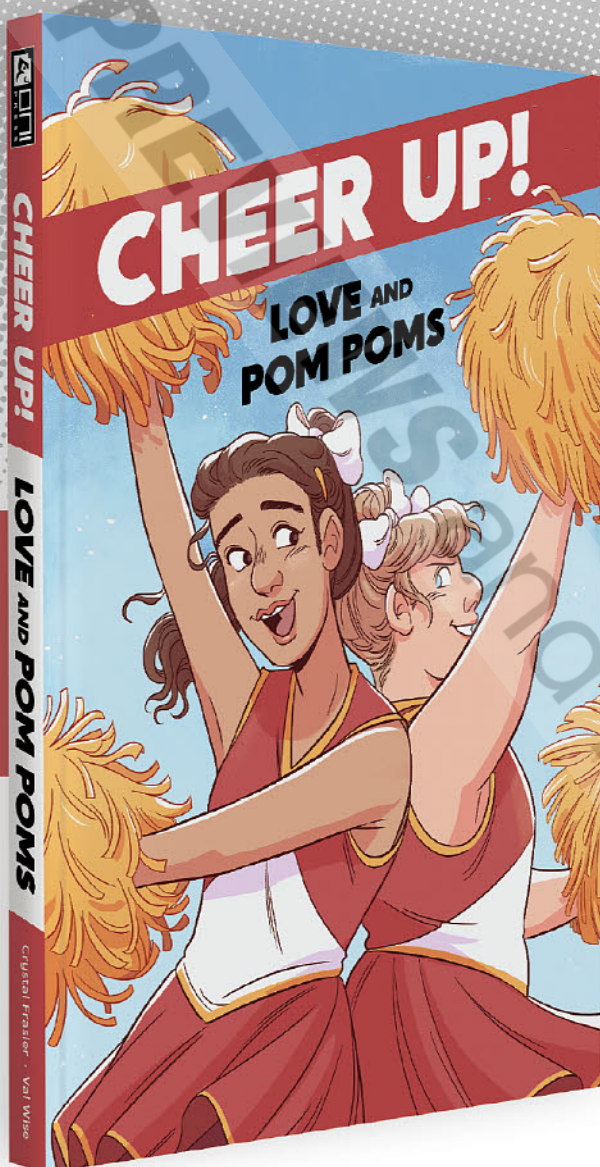

Pax Samson is a combination of my love for anime, fantasy epics, superheroes, and kids cartoons that stars a kind of family that doesn't always get the spotlight in these types of stories. It's a comic for those who love things like *My Hero Academia*, *Steven Universe*, and *Craig of the Creek*. Pax Samson is a tale of an insecure kid who is unsure about inheriting a legacy he doesn't want to run away from but doesn't know how to embrace with a big smile. What if your Grandma was the greatest superhero of the last 400 years, your mom pilots a mech suit, your annoying older cousin is a martial arts heartthrob, and your best friend is the prince of a former kingdom? How would you handle all that and save the world your own way? Together, Jason Reeves and I put our best foot forward to introduce you to Pax's crazy world, and we hope that you have as much fun reading it as we did creating it.

—Rashad Doucet

At its core, Pax Samson is the story of a Black family with a legacy of heroism. In a fantasy setting with all manner of special beings, the Samson family are the heroes the world looks to. They are the example of what is true and faithful in all of Soltellus, the planet they inhabit. They aren't perfect by any means; they fuss and fight just like anyone's family. But this family's squabbles spilled over into alien invasions and big super villain battles. But at the end of the day, they'll always come back to the table to share family dinner. Rashad and I's goal is always to add to the zeitgeist of positivity and representation surrounding diverse cultural narratives. Even within that movement, I really think we've created something unique. And hopefully, the little Black kids out there that are big fans of fantasy adventure comics will enjoy seeing themselves and their families reflected in Pax Samson.

Annie is a smart, antisocial lesbian starting her senior year of high school who's under pressure to join the cheerleading squad to make friends and round out her college applications. Her former friend Bebe is a people-pleaser, a trans girl who must keep her parents happy with her grades and social life to maintain their support of her transition. Through the rigors of squad training and amped-up social pressures (not to mention microaggressions and other queer youth problems), the two girls rekindle a friendship they thought they'd lost and discover there may be other, sweeter feelings springing up between them.

WE SHOULD MEET IN AIR: A GRAPHIC MEMOIR ON READING SYLVIA PLATH SC

(W/A) Lisa Rosalie Eisenberg

Sylvia Plath's writing reaches across decades to teach one young woman the power of her own feelings in this part memoir, part literary biography. Like so many thoughtful and soul-searching young women, as a teenage girl Lisa was transfixed by the writing of Sylvia Plath. In different times, in different places, and in different ways, each of them struggles because of how they presented themselves to the world. As the author explored her sexuality and discovered her identity as an LGBTQ woman, she found inspiration and solace in the poetry and prose of this famous writer. (STL184612) (C: 0-1-1)

ROBERT CRUMB SKETCHBOOK VOLUME 6: 1998-2011 HC

(A/CA) Robert Crumb

"Silly Fool Comics" fills the final page in this final volume, with a devilish creature telling the anguished Crumb, "YOU Will Soon Be DEAD!" He was a mere 67, but in his self-absorbed Crumbish way was obsessing about death, when not making intimate and loving portraits of his mistress Carol Vinson, his wife Aline, and all the other women who'd tormented his libido since boyhood. Most impressive in this book are his historic tableau, some single page, others multi-page strips, including Piers the Ploughman of 14th century England, My Secret Life by "Walter," Rough Women of the Dark Ages and The Apache Dance, from a 1930s Parisian postcard. MAC RABOY: MASTER OF THE COMICS HC

Beginning with his WPA etchings during the 1930s, Mac Raboy struggled to survive the Great Depression and eventually found his way into the comic book sweatshops of America. In that world of four-color panels, he perfected his art style on such creations as Dr. Voodoo, Zoro, The Mystery Man, Bulletman, Spy Smasher, Green Lama and his crowning achievement, Captain Marvel Jr. Through extensive research and interviews with son David Raboy, and assistants who worked with the artist during the Golden Age of Comics, author Roger Hill brings Mac Raboy, the man and the artist, into focus for historians to savor and enjoy. POLITICS IN THE GUTTERS SC

More than just escapist entertainment, comics offer a popular yet complicated vision of the American political tableau. *Politics in the Gutters* considers the political myths, moments, and mimeses, in comic books—from nonfiction to science fiction, superhero to supernatural, serious to satirical, golden age to present day—to consider how they represent, re-present, underpin, and/or undermine ideas and ideals about American electoral politics. REBIRTH OF THE ENGLISH COMIC STRIP: A KALEIDOSCOPE 1847-1870 HC

(W) David Kunzle
Rebirth of the English Comic Strip: A Kaleidoscope, 1847-1870 enters deep into an era of comic history that has been entirely neglected. This buried cache of mid-Victorian graphic humor is marvelously rich in pictorial narratives of all kinds. Author David Kunzle calls this period a "rebirth" because of the preceding long hiatus in use of the new genre, since the Great Age of Caricature (c. 1780-c. 1820) when the comic strip was practiced as a sideline. Numerous comic strips and picture stories appeared in periodicals other than *Punch* by artists who were likewise largely ignored. Like the *Punch* luminaries, they adopt in semirealistic style sociopolitical subject matter easily accessible to their (lower-)middle-class readership. (STL185028) (C: 0-1-1)

Times change but movie-makers can always find a way to tap into what we fear and dread, whether it's blood-sucking vampires or radioactive mutations, evil children or the living dead. This guide steers an illuminating path through a genre that has, since the early days of cinema, split off into many sub-divisions — folk horror, slasher movies, Hammer, sci-fi horror, psychological thrillers, zombie movies, among others. Before long, they find themselves trapped inside with six other friends, and even stranger, all the clocks have stopped at a very specific moment—the exact time when a former classmate jumped off the school roof to their death three months earlier. It turns out that this departed friend is their way out of their current predicament and may even be among their group...but no one can remember who it was that took their life on that sad day. The students must face themselves and their past memories to piece together the identity of this suicide victim or risk a similar fate—with their lives lost and forgotten inside these frigid school walls. SOUTHLAND TALES: THE PRELUDE SAGA TRADE PAPERBACK

by Richard Kelly and Brett Weldele

Southland Tales: The Prequel Saga collects Writer/Director Richard Kelly's (*Donnie Darko*), three graphic novels that set the stage for his follow-up film to *Donnie Darko*. A 2007 feature film, *Southland Tales* starred Dwayne Johnson, Seann William Scott, Justin Timberlake, Sarah Michelle Gellar, Kevin Smith and many, many more, brining the final three chapters of this six chapter epic saga to life.

Written by Richard Kelly with art by 2007 Eisner Award nominee Brett Weldele, the first three chapters contained in this collection, introduce the reader to the world and the cast of characters. Though a complete freestanding storyline, the books also provide a value insight that when combined with the film, makes for a unforgettable movie-going experience.

The release of the 15th Anniverary DVD/BluRay has created a renewed interest in this provocative movie. Supplies are limited so order yours today!!

THE HORROR OF ALIEN BEGINS AGAIN WITH A NEW HIYA TOYS FIGURE

Ridley Scott's 1979 film *Alien*, once seen, is unforgettable. The crew of a deep space hauler responds to a distress call from a derelict ship and, in its wreckage, find something unknown, inhuman — and unstoppable. The first to fall victim is Kane, the executive officer portrayed by Sir John Hurt. First, his helmet is shattered as the facehugger attacks him. Later, his chest bursts open as the next stage — the chestburster — emerges from his body. Hiya Toys' *Alien: Kane 1/18-Scale Figure*, available exclusively through **PREVIEWS**, depicts the Xenomorph's first victim with both facehugger and chestburster attachments. Any Alien figure collection needs a victim, and Kane fits the bill!

MARVEL UNIVERSE: SPIDER-MAN MILES MORALES ARTFX+ STATUE

From Kotobukiya. The latest series of high quality 1/10-scale ARTFX+ figures celebrates iconic characters appearing in Spider-Man titles, and up next after Peter Parker is his parallel Earth counterpart *Ultimate Spider-Man*! On that world, young *Miles Morales* was bitten by a spider infused with a formula to instill spider powers, and after the death of *Peter Parker*, the teen adopted the *Spider-Man* identity and set off on a path of crime-fighting. Leaping into the fray to defend the innocent, *Ultimate Spider-Man* dives into action in a powerful pose. *Miles* crouches low as he moves forward, his body coiled and ready to strike. The hero's right arm is extended backwards for balance while his left reaches forward to shoot a web at his enemies. *Ultimate Spider-Man* wears his distinctive costume, the dark color scheme and bright highlights, along with the lifelike feel of *Miles'* pose and the intricacies of his sculpted physique make for a stunning presentation.
